Re: Proposal title here

Dear Dr. [REDACTED]

We have completed the evaluation and selection of proposals received in response to NASA Research Announcement [REDACTED]

Thank you for your expression of interest in this program by submitting a proposal, however, I regret to inform you that your proposal is not selected for funding.

This selection decision followed from the technical review of your proposed research and comments concerning its programmatic relevance and cost reasonableness provided by a panel of your fellow scientists that met in August.

[REDACTED] proposals were submitted to the [REDACTED] in this competition, and there is expected to be about [REDACTED] available in the program budget for the support of new programs in Fiscal Year (FY) 2019. The total FY 2019 funding requested by the submitted proposals was just over [REDACTED]. The peer review of the proposals resulted in [REDACTED] of them being rated Excellent, Excellent/Very Good, or Very Good, while the remainder of the proposals were rated Very Good/Good or below. Selections were based both on the results of the scientific evaluation and programmatic factors.

I am including with this letter a copy of the Panel Evaluation of your proposal. If you have any questions regarding the evaluation of your proposal or the overall review process, please contact the [REDACTED] Program Officer, Dr. [REDACTED], by e-mail at [REDACTED], or by phone at [REDACTED]

Sincerely,

[REDACTED]  
[REDACTED] Directorate
